

## **INBAL BUZAGLO YORESH**

painter

Inbal was born in Tel Aviv in 1963.

Inbal is a graduate of the visual communication department of "Bezalel Academy of Arts & Design, Jerusalem", with specialization in animation.

Throughout the years 1994 - 2000, she was a broadcasting graphic designer, at the News Department of the Israeli Television.

Ever since 2005, Inbal is solely dedicated to painting.

Inbal works with oil on canvas, mostly on extensive formats, using grey-brown-yellowish half tones created by multiple layers of transparencies.

Nudity, which is a common motif in her paintings, serves Inbal in expressing her views on human beings, as universal creatures, without relating to any nation, society or culture, stripped from any signs of identity such as fashion or status symbols.

Inbal exhibits her works consecutively in solo and group shows ever since 2005 until this day.
